ALEX MORGAN
San Jose, CA | alex.morgan@example.com | (555) 123-4567
github.com/alexmorgan | linkedin.com/in/alexmorgan

EDUCATION
B.S. in Computer Science, San Jose State University
Expected May 2026 | GPA: 3.7/4.0
Relevant Coursework: Data Structures & Algorithms, Machine Learning, Databases, Operating Systems, Linear Algebra, Probability & Statistics.

TECHNICAL SKILLS
Languages: Python, Java, JavaScript, SQL, C++
ML / Data: NumPy, pandas, scikit-learn, PyTorch, Matplotlib
Web / Tools: Flask, React, Git, Docker, Linux, REST APIs
Cloud: AWS (S3, EC2), basic GCP

EXPERIENCE
Machine Learning Intern — BrightData Labs (Summer 2025)
- Built a text-classification pipeline in PyTorch that improved support-ticket routing accuracy from 78% to 91% on a 40k-example dataset.
- Wrote data-cleaning and feature-engineering scripts in pandas, cutting preprocessing time by 60%.
- Deployed a model-serving REST API with Flask and Docker for the internal analytics team.

Software Engineering Intern — CampusTech (Summer 2024)
- Developed React components for a student-services dashboard used by 3,000+ students.
- Wrote unit tests with pytest and Jest, raising backend coverage to 85%.
- Collaborated in a 5-person Agile team using Git and code reviews.

PROJECTS
Resume Matcher (Personal Project)
- Built a local RAG application with Ollama, ChromaDB, and Streamlit that scores resumes against job descriptions.
- Implemented embedding-based retrieval and prompt engineering for structured JSON output.

Handwritten Digit Recognizer
- Trained a convolutional neural network on MNIST achieving 99.1% test accuracy using PyTorch.

LEADERSHIP
- Vice President, University AI/ML Club (2024-2025): organized 6 workshops on deep learning and MLOps for 120+ members.

CERTIFICATIONS

- DeepLearning.AI Machine Learning Specialization
- AWS Certified Cloud Practitioner
